

Hi Tony!

I can't share with you specific businesses' review, but I can say that you were the only one at 100%. However, to be included in our book all businesses are required to have a 90% or better customer satisfaction survey.

Thanks,

**Beth White**

Hi Beth,

I'm wondering if you can either provide me with info on how other local companies and competitors scored, or maybe a place where I can look it up myself.

We scored 100% which appears fantastic on the surface but it would mean much more if we had some comparisons.

Thank you,

Tony

Hi Tony,

Congratulations! Eco Advantage has been "VERIFIED" by our independent research company! I just wanted to let you know that the phone survey process is complete and your customers have told us what a great job your company is doing. I have attached the results of the customer satisfaction survey for your records and I must say "Wow!" What awesome results!

Thanks,

**Beth DeVoto**
